and at least to a level of 15% in the APDRP project areas as has been demonstrated by the participating States in 163 towns and cities. Towards this end, the States with appropriate assistance from the Centre would establish the necessary baseline data and IT applications for energy accounting and auditing, besides ensuring a resolute elimination of electricity theft, which is negating various investments and initiatives for power sector reforms. It is further reiterated that where free or subsidized power is provided to a section of consumers, the State Government shall ensure upfront payment of the same to the utilities.

9. The Conference recognizes that there is a very significant potential of saving electricity through its efficient use; and resolves that States and the Centre should focus on Demand Side Management measures and ensure such interventions as would provide immediate results for saving electricity. These interventions could include bulk procurement and distribution of CFLs, adoption of the Energy Conservation Building Code (ECBC), promoting and mandating the use of energy efficient pump sets and other energy efficient equipment and appliances, besides giving appropriate financial and tax incentives for their manufacture.

10. To periodically review the implementation of the resolutions adopted in the Conference, it is decided to set up a Standing Group of Power Ministers under the Chairmanship of the Union Power Minister to meet once a quarter.

Electrification of villages

2864. SHRI RAJKUMAR DHOOT: Will the Minister of POWER be pleased to state:

(a) whether it is a fact that under the Rajiv Gaildhi Grameen Vidyutikaran Yojana, projects for rural electrification of 316 districts, at a cost of Rs. 11514.22 crore, were sanctioned;

(b) if so, the details of un-electrified villages and BPL households covered so far, and the amount of money spent, State-wise; and

(c) by when the remaining un-electrified villages and BPL households are likely to be covered under rural electrification?

THE MINISTER OF POWER (SHRI SUSHILKUMAR SHINDE): (a) In view of the approved limit of Rs. 5000 crore as capital subsidy for Rajiv Gandhi Grameen Vidyutikaran Yojana (RGGVY) during Tenth Plan period, the Government had taken up 235 projects of 234 districts with an outlay of Rs. 9696.14 crore for implementation in Phase-I of the scheme.

(b) The State-wise details of coverage of un-electrified villages and Below Poverty Line (BPL) households under 235 projects are given in the Statement-I (*See* below).

The implementing agencies have so far availed a sum of Rs. 5475.15 crore, State-wise details are given in the Statement-II (*See* below).

(c) The sanction/execution of additional projects would be accorded after the scheme is approved for continuation in Eleventh Plan period.
